1585 Pope Road, Dunn, NC 28334

Home Care Service

This service includes employee of No Place Like Home Pet Care Service and Boarding going to pets home for the purpose of:

1. Checking on pet(s) both inside and outside.
2. Allowing inside pet(s) to go outside to use the bathroom.
3. Allowing inside pet(s) to go outside to play (exercise)
(A leash will be used on all pets not enclosed by fencing)
4. Administering doctor prescribed medications

This service may include feeding, watering, cleaning up pet debris, obtaining pet to be taken by vehicle to the Vet/Groomer of pet owners choice for routine services and for administering any doctor prescribed medications.

This service can be done on a “daily basis” according to the pet owners wishes or on a “need to “ basis. If the pet owner is out of town, for extended leave time, and would prefer to have this service extended to their pet(s) at their home instead of “boarding” at the board site, the boarding expense would be waived and the Home Care Service price would be in effect.

Boarding Services

Every pet will be given their own area in which to lounge, eat and sleep. They will be provided fresh water twice a day and fresh food according to the pet owners wishes. The area in which they are boarding will be washed down every morning and afternoon. An area for playing and socializing with other pets will be available. This is at pet owners discretion.

The pet owner is asked to provide the food for the pet. This will help maintain the regular diet for the pet and avoid the possibility of allergic reactions. If food is not provided by the owner, the pet will be fed Purina Dog/Cat Chow (Adult, Puppy/Kitten)

Being away from home can be just as scary and upsetting for pets as it is for pet owners. Every effort will be made to make sure your pet is as happy as possible and will think of this boarding experience as his/her “home away from home”

Cost / Payment

Home Care Service

1. There will be a standard \$ 15.00 cost per house visit.
2. If the pet is transported to the Veterinarians Office/Groomers, there will be an additional charge of \$8.00 an hr. Hourly charge starts when leaving pets home and ends upon returning to pets home.
